An Elegant Private Facility  
For Business, Civic, and Social Events

October 24, 2007.

To Whom It May Concern:

We have been working with The Shipman Agency, Inc. since the fall of 2005 when Stephanie Shipman approached us about taking part in the first Glass Slipper Show to be held in the Brazos Valley. The Kyle House would be the wedding and reception venue for the promotional wedding show. Since we had not taken part in this type of advertising before we were a little apprehensive but this soon turned to excitement once we had spent some time with Stephanie. The Shipman Agency was easy to work with, we always knew what was expected of us, when it was expected and the process was easy to follow.

Having our name in the media spotlight for two years has brought about many positive comments from the public and our guests who saw the show and our advertisements. Even though advertising results are difficult to measure we feel the Glass Slipper Show and advertising with The Shipman Agency enhanced our business.

We have enjoyed working with Stephanie and plan to continue using The Shipman Agency for our individual television advertising.

Sincerely,

Dear Sir:

Alco Sales has been a client of the Shipman Agency for well over one year. We began our business relationship when we were approached to be the hardware supplier for last Year's Kitchen Renovation Show. Our experience with the Shipman Agency was such A pleasant one that we signed on once again for this year's Your Custom Home Show here in Bryan-College Station.

Stephanie is an intelligent and motivated individual. She is a consummate professional who takes seriously her responsibilities as both a television producer and advocate for our business. The Shipman Agency has placed the television commercial that she developed for us which has resulted in an almost immediate increase in business.

As part of her impeccable attention to details, and in an effort to utilize ever-changing new technologies she has afforded our business endless opportunities for growth. We would highly recommend Stephanie and the Shipman Agency as an advertising specialist and television personality. She has been an asset to our company and we have the utmost confidence in the Shipman Agency and in Stephanie Shipman.

If you would like additional information about Stephanie, you can telephone me at (979) 823-8440 or 979-229-6009.

To Whom It May Concern:

Let me introduce myself, I am the Media Strategist for Pizza Hut in Waco-Temple-Bryan-College Station. Over the last six months, I have had the pleasure in working with Stephanie Shipman, and wanted to take a moment to communicate what a great experience this has been.

Pizza Hut has not always had an over abundant budget, and coming into this new year, we knew we would have many challenges ahead of us. Stephanie has done an excellent job helping me become familiar with the ends and outs of the market, and has helped make the local stores a great success. She has done an excellent job maintaining the account, and coming to my aid whenever I need information, etc. She is truly a joy to work with.

I truly believe it is due to the hard work of those like Stephanie that Pizza Hut has had a tremendously successful year in the market.

Sincerely,
